

# Introducing our Proprietary “Pileraft”

*“At last we have a solution to the problems of piles and beams.”*

*“We have developed our “Pileraft” foundation system as an economically viable and more efficient alternative to piles and beams.”*

## **Our system is:**

- Cheaper
- Quicker
- Safer
- Not weather dependent

## **It will save you:**

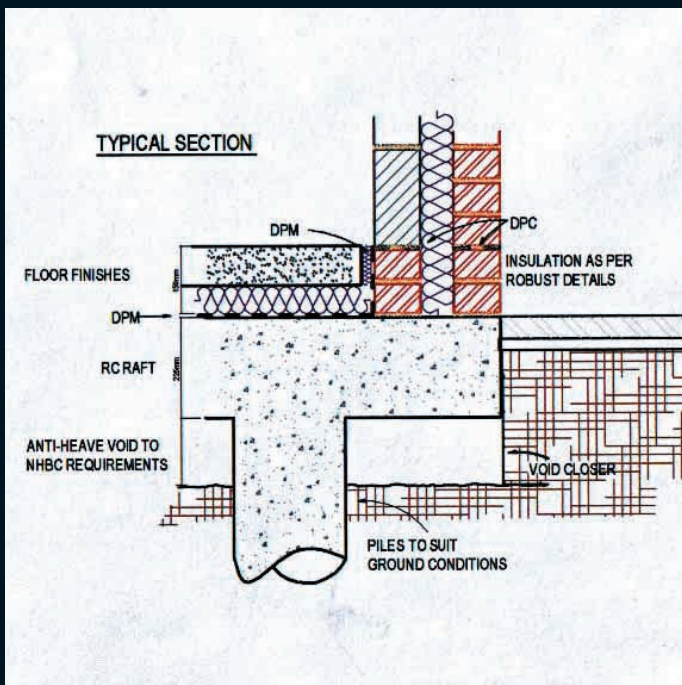

- Brickwork to ground level
- Beam and block floors
- Time (we can design to specification and be on site piling within 3 weeks)
- Money (you don't pay anything for design until we start on site)

*“Cannon Piling has made building my foundations painless from start to finish. A very professional company who I would recommend to anyone.”*

Mr Singh, London

### Typical “pilaft” section

*“Absolutely fantastic system.”*

Colin Gillard, Gillard & Sons Ltd

*“I have used Cannon’s Pilaft system on three jobs and found it to be excellent. I will continue to use the system and would highly recommend it.”*

Andrew Newman, Newman Homes

### Contact us

Cannon Piling would be happy to manage your foundations from start to finish. We guarantee a fixed quotation individually tailored to meeting your specific requirements within five working days of receiving the site details.
